CATARACT SURGERY DROP SCHEDULE

We are honored that you have chosen Collins Vision to perform your cataract surgery. This sheet is designed to help you keep track of the drops prescribed to you. The bubbles represent the number of drops you need to take per day. To ensure that you are taking the correct amount of drops, we encourage you to check off each bubble to help you keep track of the drops you have taken and help remind you to take them. As you work your way through the schedule, the number of drops needed to be taken will lessen.

IMPORTANT REMINDERS:

• Shake drop bottles before administering
